

Product Details

Model Number	TSK-T9F
Material	Shield: Tritan Bracket: Nylon
Color	Shield: Clear Bracket: Blue
Size	11 x 19 x 0.090"
Weight	0.85 lbs.
Specification	ANSI Z87.1+
Bracket Type	Weight-Compensating
Hardhat Compatibility	Slotted Cap Hardhat
Shape	Toric
Description	Injection molded clear face shield with weight-compensating slotted cap bracket for chemical applications.
Competitive Advantages	• Toric shape for improved visibility, durability and protection. • Low profile design conforms to the worker's face while deployed, with a compact fit while above the head in the stowed position. • Tritan material resistant to a variety of chemicals, including acids, alcohols, bases, and hydrocarbons, and performs excellent in both high impact and high temperatures applications. • Weight-compensating bracket reduces the weight imbalance felt while shield is above the head in the stowed position. • Integrated transparent chin protector for excellent downward vision & protection from hazards from below. • LeverLock® attachment system for easy shield replacement. • Press-to-release slotted adapters for easy bracket removal.
Country of Origin	USA
CA Prop. 65 Warning	This item can expose you to chemicals including Methylene Chloride, which is known to the State of California to cause cancer, and Bisphenol A (BPA), which is known to the State of California to cause birth defects. 
Note	Hardhat not included.
