

Arc Balaclava

Product Data Sheet

Model ARC-BALA-HE

High energy, triple layered balaclava with dual eye port design.

Product Details	
Product Name	ARC-BALA-HE
Material	100% Carbon X
Color	Black
Product Weight	0.53 lbs.
Specification	NFPA 70E, ASTM 1506, OSHA 29 CFR 1910.269
Description	High energy arc balaclava with dual eye port design and honeycomb breathing chamber. Triple layer stretch fabric is to be worn tucked in to your approve arc shirt or jacket.
Competitive Advantage	The arc balaclava used in combination with approved goggles and helmet provides an alternative to the use of beekeeper style arc hoods up to 45 cal/cm ² . Soft triple layer stretch material and honeycomb breathing chamber make it comfortable for the wearer.
Applications	This arc balaclava is used in association with dielectric head protection and accessories to provide protection from the hazards of arc flash. Arc flash is a defined hazard by NFPA-70E.
Comments	See the videos on Paulson's arc flash products at: http://www.paulsonmfg.com/videos.php Do not use an arc balaclava for electric arc welding exposures.
