

Featured Product

# TLFS-GHC9F

**Engineered for Extremes. Designed for You.**

Powerful protection meets advanced comfort in every shield.

## Key Features

- Proprietary 99.9% pure gold hard coating blocks extreme radiant heat in mill & foundry operations.
- Lift-front design allows for enhanced breathability and ventilation without the need to remove the hood.
- Toric shape offers wide peripheral view, excellent downward vision, and reduced internal glare.
- Integrated chin guard protects against hazards from below, such as debris and splash.
- Bracket, inner frame, and components made of proprietary Aylon™ material to withstand extreme radiant heat.
- Improvement in field of vision compared to current aluminized hoods on the market.
- Weight-compensating cap bracket minimizes weight imbalance felt while shield is above the head in the stowed position.

**Gold Hard Coated Heat  
Reflective Toric Lift-front Face  
Shield for Aluminized Hoods**

**ANSI Z87.1+ Compliant**
