

# High Temperature Face Shield

# Product Data Sheet

## Model IM9-L6F

Injection molded clear face shield measuring 8" x 15.5" x .060". Rated for severe industrial service where high temperature and high impact may occur.

Product Details	
<b>Product Name</b>	IM9-L6F
<b>Material</b>	Polycarbonate
<b>Color</b>	Clear
<b>Product Weight</b>	0.50 lbs.
<b>Specification</b>	ANSI.Z87.1+
<b>Description</b>	Injection molded clear face shield measuring 8" x 15.5" x .060". Rated for severe industrial service where high temperature and high impact may occur. Designed to be worn with both headgear and cap & hat brackets.
<b>Competitive Advantage</b>	Since the shield is injection-molded to shape, it features improved optical & physical characteristics. The formed shape also improves comfort & safety considerations. The polycarbonate material performs excellent against both high impact and high temperature applications. The multi-fit attachment fits Paulson headgear and cap & hat brackets, along with many other manufacturers.
<b>Applications</b>	Impact: Chipping, grinding, machining, masonry work, riveting, & sanding. Chemical splash: Acid and chemical handling, degreasing, plating. Glare.
