

AMP2-E25-HT

DESCRIPTION

Highly Transparent (HT™) High Performance Arc Flash Protective Face Shield Kit with transparent chin protector, designed for high safety. Includes cap bracket with elastomeric band. Smart switching technology: reacting on arc flash by using the arc energy to generate additional thermal insulation and arc protective properties. Optimal view at best possible protection.

SPECIFICATION

MATERIAL	Polycarbonate with high-performance nanoparticles
WINDOW SIZE	18,42 x 50,8 x 0,15 cm (7.25" x 20" x 0.06")
WEIGHT	317,5 g (11.20 oz)
COLOR	Grey
STANDARD	EN 166, ANSI Z87.1, GS-ET-29 (Arc Protection Class 2), ASTM F2178 (ATPV 25 cal/cm²), NFPA 70E PPE-Category 2

ORDER DATA

PRODUCT NAME	AMP2-E25-HT
PRODUCT NUMBER	9004576

APPLICATION

The product is designed to protect eyes and face, if used as intended, against the mechanical and thermal hazards of an arc flash during live working or when staying in the vicinity of live parts. It is not intended for arc welding, especially not to protect against long term high heat, chemicals or any other radiation than emitted by an arc flash. To be attached to slotted or non-slotted cap style helmets.
