

# QuickView™ Replacement Shield

# Product Data Sheet

## Model QVGHCFM-6

Injection molded 6" gold on medium green hard-coated replacement flip-front shield.

Product Details	
<b>Product Name</b>	QVGHCFM-6
<b>Material</b>	Polycarbonate
<b>Color</b>	Gold-on-Medium Green
<b>Product Weight</b>	0.20 lbs.
<b>Specification</b>	ANSI.Z87.1+
<b>Description</b>	Injection molded 6" gold on medium green hard-coated replacement flip-front shield.
<b>Competitive Advantage</b>	Optimizes visibility by allowing for a clear view for certain applications and a gold-coated view for furnace and other high heat applications. Since the shield is injection-molded to shape, it features improved optical & physical characteristics. The formed shape also improves comfort & safety considerations. The polycarbonate material performs excellent against both high impact and high temperature applications. Premium gold coating reflects radiant heat and visible/infrared light. Hard coating on the exterior extends service life of the shield.
<b>Applications</b>	Furnace operations: Pouring, casting, hot dipping. Impact: Chipping, grinding, machining, masonry work, riveting, & sanding. Glare.
