

Injection molded 6" nanoparticle shade 5 green replacement flip-front shield.

Product Details	
<b>Product Name</b>	QVGS5-6
<b>Material</b>	Polycarbonate
<b>Color</b>	Shade 5 Green
<b>Product Weight</b>	0.20 lbs.
<b>Specification</b>	ANSI.Z87.1+
<b>Description</b>	Injection molded 6" nanoparticle shade 5 green replacement flip-front shield.
<b>Competitive Advantage</b>	Optimizes visibility by allowing for a clear view for certain applications and a shade 5 green view for welding applications. Since the shield is injection-molded to shape, it features improved optical & physical characteristics. The formed shape also improves comfort & safety considerations. The polycarbonate material performs excellent against both high impact and high temperature applications. The nanoparticles in this shield give it an improved impact value, longer service life, and compatibility with higher quality protective coatings.
<b>Applications</b>	Gas cutting & welding. Impact: Chipping, grinding, machining, masonry work, riveting, & sanding. Glare.
