Product Data Sheet

Product Details

Model Number	AMP1-20T-F
Material	Shield: Polycarbonate Bracket: Nylon
ATPV	20 cal/cm²
Color	Shield: Grey Bracket: Blue
Shield Coatings	Exterior: Anti-Abrasion Hard Coating Interior: Permanent Antifog
Size	11 x 19 x 0.090"
Weight	0.80 lbs.
Specification	NFPA 70E ASTM F2178 ANSI Z87+S
Bracket Type	Slotted Safety Helmet, Weight-Compensating
Safety Helmet Compatibility	Fibre-Metal®
Shape	Toric
Description	Arc flash protection face shield kit with toric nanoparticle lens, integrated transparent chin protector & cap bracket for Fibre-Metal® safety helmets.
Competitive Advantages	• Toric shape for improved visibility, durability and protection. • Low profile design conforms to the worker's face while deployed, with a compact fit while above the head in the stowed position. • Weight-compensating bracket reduces the weight imbalance felt while shield is above the head in the stowed position. • Grey tint for enhanced color recognition. • Nanoparticle formulation for a more robust & longer-lasting shield. • Premium antifog & anti-abrasion coatings. • ArcVent™ system for enhanced ventilation. • Integrated transparent chin protector for excellent downward vision & protection from hazards from below. • LeverLock® attachment system for easy shield replacement. • Press-to-release slotted adapters for easy bracket removal. • Compatible w/ Paulson ALM™ flashlight system.
Country of Origin	USA
CA Prop. 65 Warning	This item can expose you to chemicals including Methylene Chloride, which is known to the State of California to cause cancer, and Bisphenol A (BPA), which is known to the State of California to cause birth defects.
Note	Hardhat not included. Flashlight system sold seperately.
